The Three Things To Know

1. Pure Expressions of Sangiovese

With an unwavering focus on Sangiovese, Poggerino brings to life its varied expressions — from structured reds to still and sparkling rosato — that reflect purity, place, and intention.

2. An Organic, Holistic Approach

Poggerino owner Piero Lanza brings an almost fanatical focus to his vineyards, acting as a careful steward of the land's natural biodiversity. Working in rhythm with the seasons and farming organically, he produces healthy, concentrated grapes that clearly reflect their terroir.

3. Il Gusto di Galestro

Poggerino's high elevation and direct sun exposure ensure balanced ripening, while its galestro soils provide excellent drainage. Together, these conditions yield smaller clusters and grapes, concentrating sweetness and increasing the skin-to-juice ratio.

Our Relationship

"Poggerino wines were Volio's first we ever imported. As a student in 2002, I heard their story, tasted the wines, and almost immediately had chills run down my spine... Once I was ready to enter the wine industry in 2007, I headed back to Poggerino and paid cash for the first pallet." - Charles Lazzara, Volio Imports Founder & CEO
