The Three Things To Know

1. Boutique Estate in Friuli's Finest Hills

Located in the prestigious Colli Orientali del Friuli, home to Ramandolo and Picolit, La Roncaia is Fantinel's small, boutique estate producing wines that reflect one of the region's most celebrated terroirs.

2. Rare, High-Quality Expressions

With limited hectares and careful grape selection, including dried grapes for passito wines, the estate creates powerful reds, refined whites, and exceptional sweet wines that showcase the full potential of Friulian viticulture.

3. Meticulous Craftsmanship and Traditional Techniques

From hand-harvested grapes to long macerations, controlled fermentations, and aging in French oak, La Roncaia's winemaker Gabriele Tami, who has received numerous awards and acknowledgements, leads the winery with precision and consistency.

Our Relationship

"I don't recall exactly how I met Marco Fantinel, but every day since has been memorable. He is incredibly dynamic in the market and a true ambassador for Friuli."
