REGION	VARIETALS
Trentino Alto Adige	Pinot Nero

APPELLATION
DOC Alto Adige

WINERY

To enter into the world of Castelfeder is to soar across an unspoken threshold into the lush valleys of the high Adige River. Driving from Lake Garda, from Veneto, through Trentino, you discover yourself, without warning, in what feels, sounds, and tastes like German wine country. Gunther Giovanett took over the family business in 1989 after his father retired from the daily operations of the winery he founded in 1970. Located in the center of Neumarkt, in the South Tyrol region of Italy, the Giovanett family produces a range of unique wines. Now into their third generation, Gunther and his son Ivan are gaining a better understanding of the special micro-climates that exist in the Alto-Adige and South Tyrol regions.

CULTIVATION

The fraction Glen is one of the most famous PinotNero areas in South Tyrol. The afternoon sun exposure, the soil composition of clay, lime, and porphyry, as well as the altitude of 450-850 meters create ideal conditions to craft an elegant expression of the varietal.

VINIFICATION

Grapes are destemmed and fermented for about 10 days in stainless steel tanks. The juice is kept in contact with the skins through circulation pumping to achieve ideal coloring and emphasize the aromatics.

AGING

The wine ages in barrique for 10 months.
