

Tavernello

- Caviro’s flagship brand, the #1 selling wine brand in Italy, and the #10 wine brand worldwide.
- Commitment to sustainability: 100% energy self-sufficient, 99% of by-products are recycled.
- Accessible and friendly, these are varietally correct and authentic wines that offer amazing value. Tavernello is for everyone: no messing around, no fancy words — just good, everyday Italian wine.

Caviro, Italy’s leading wine group, was founded as a farming cooperative in 1966 in the heart of Emilia-Romagna. Their mission is to enhance winegrowers’ grapes in a territory with a rich wine identity. Since their founding, the group has grown to include 13,000 winegrowers across seven Italian regions.

Tavernello is Caviro’s flagship brand and is the number-one wine brand in Italy. The excellent value of Tavernello comes from combining generations of Italian tradition with modern winemaking techniques. Enjoyed by Italian families for over 30 years, the wines are approachable varietals and blends that celebrate and represent the Italian lifestyle. The exceptional quality and value for money makes Tavernello’s wines ideal everyday drinkers.

As a cooperative, Caviro is dedicated to sustainability with the vision of managing the land so it can be passed on to future generations. They have received leading sustainability awards, including Equalitas Certification as a sustainable wine producer (Italy’s leading certification for wine) and Premio Impresa Ambiente for best management for sustainable development, which takes into account their environmental, economic, and social impacts. 100% of the electricity used by the Caviro Group is green, self-produced from renewable sources, and certified by the Energy Resources Consortium. They are also number-one in Italy for waste water recovery. A holistic and dedicated approach to economic, social, and environmental sustainability adds even more value to a glass of Tavernello.
