Tuscany

Winery Quick Facts

Philosophy	Vineyard Size	Altitude	Soils
Practicing Organic, Focus on Sustainability	2 Hectares	200 - 300 Meters	Clay, Grainy
Grapes Grown	Types of Wine	Year Founded	Winemaker
Chardonnay, Sauvignon Blanc, Pinot Nero	Toscana IGT	2003	Paolo Cerrini

The Three Things To Know

1. Non-Invasive Winemaking

Il Rio focuses on letting the grapes and terroir speak for themselves, using gravity flow to transfer must, vacuum corking to prevent oxidation, and long aging in wood and concrete, preserving purity, freshness, and true Mugello character in every bottle.

2. Cool-Climate Tuscany

Situated in the Mugello hills with clay soils and strong day-night temperature swings, Il Rio successfully cultivates northern grape varieties like Pinot Noir, Chardonnay, and Sauvignon Blanc in a region not traditionally known for such viticulture.

3. Sustainable, Vineyard-First Practices

From green pruning and organic treatments to maintaining perennial grasses and spontaneous herbs, vineyard management is designed to balance nature, promote vine health, and create wines that reflect the local terroir authentically.

What Others Are Saying

"Il Rio is maybe the best wine I've discovered in the past five years."

- Charles Lazzara, CEO & Founder, Volio
