## The Three Things to Know

### 1. Caberlot: A Singular Identity

Il Carnasciale is defined by its exclusive cultivation of Caberlot—a rare, naturally occurring crossing of Merlot and Cabernet Franc—positioning the estate as a true “haute couture” winery centered around this extraordinary grape.

### 2. The Estate & Legacy

Nestled in the southern Chianti mountains of Tuscany's Valdarno di Sopra, Il Carnasciale carries forward founder Wolf Rogosky's legacy under the guidance of his son Moritz, joined by Bettina, Carla-Elle, oenologist Marco Maffei, and a dedicated local team.

### 3. Precision & Stewardship

From vineyard to cellar, the estate's philosophy is rooted in meticulous, environmentally respectful practices, including farming without chemical fertilizers, herbicides, or pesticides to honor the land and the purity of Caberlot.

## Our Relationship

“This winery is modest, but the wines are legendary. The great pleasure, though, is seeing Moritz engage buyers or consumers when presenting his wines. His passion for the vineyards, his love of Italy, and his commitment to an unknown grape called Caberlot has made Il Carnasciale one of the most singular wines of Italy.”
