CLIMATE
After a rainy autumn, mild early 2025 temperatures led to early sprouting. A rainy May and June built water reserves, and a warm, dry summer ensured gradual, balanced grape ripening.

HARVEST PERIOD
Late August to September.

VINIFICATION
Four months on the lees in stainless steel.

AGING
Minimum 2 months in bottle before release.

NO. OF BOTTLES PRODUCED
90,000

ANALYTICAL DATA

ABV
13% Alc./Vol.

TASTING & PAIRINGS
Appearance: Pale yellow with green hints.
Nose: Notes of green apple, chamomile, and a hint of citrus.
Palate: Balanced acidity, good persistence, with a mineral, salty finish.
Pairings: Fish, vegetables, and cheese.
